Nerf Bar

Driver Side · 4 Point · 3/4 in Tube · Stainless · Polished · Micro / Mini

PART NUMBER
TIP3984
View on PriceGuidePro ›

OVERVIEW

Nerf bars keep other cars' tires off your wheels, which is the difference between a rub and a flip in close racing. They must take a hit and stay attached without folding into the tire. Swedged ends fit the chassis cleanly, and side-specific designs match the mounting points.

These earn their keep in traffic, so replacements are a routine purchase.

Manufactured from durable stainless steel and polished to perfection. Universal design allows mounting to a variety of chassis.
