FITTINGS HOSES AND VALVES › FITTINGS AND PLUGS › QUICK DISCONNECT FITTINGS

Fitting

Quick Disconnect · Both Halves to 3 AN Male · Aluminum · Black Anodized

PART NUMBER
TIP4510
View on PriceGuidePro ›

OVERVIEW

Fittings connect fuel, brake, and coolant lines while sealing against pressure and vibration, so a single weeping fitting can end a night. Correct AN sizing and thread type are what make a leak-free joint without over-tightening. Aluminum bodies keep weight down where dozens of connections add up.

Keeping common sizes in the trailer means a damaged line gets repaired instead of parking the car.

Designed to provide quick brake line disconnection without fluid loss or air ingestion. Aluminum dry brake couplings are offered in 3 AN or 4 AN versions.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Style	**Quick Disconnect**
AN Size	**Both Halves to 3 AN Male**
Sold As	**Kit**

SHIPPING & PACKAGING

Package	**4.05 × 2.35 × 0.85 in**
