## OVERVIEW

Tubing couplers join sections of tube, letting you build or repair a linkage without welding. Threaded designs also allow length adjustment once installed. Correct thread and tube size are what make the joint strong.

Couplers are useful repair inventory for a trackside fix.

Molded silicone hose is built specifically for sprint car lower radiator hose applications. Molded 90 Degree elbow and 45 Degree elbow separated by 5 Inch fits most combinations of Sprint Car radiator and pump.
