Wing Strap

Nose · Bent · Adjustable · 10.5 to 8.5 in Adjustable Height · Aluminum · Black Anodized · Sprint Car

PART NUMBER
TIP6159
View on PriceGuidePro ›

OVERVIEW

Wing straps tie the wing side boards to the chassis and carry the load the wing generates without disturbing airflow. A strap that bends or fails lets the wing move, changing the aero balance the car was set up around. Adjustable versions let you change wing height without fabricating new parts.

Straps are light, cheap, and take damage in contact, so spares are worth having.

Side board-mount, black anodized aluminum nose wing rear straps are strong and light. Straps have a width of 1 Inch and overall length of 11 Inch. Maximum height is 10-1/2 Inch and minimum is 8-1/2 Inch.

Offset is 5-1/2 Inch with an adjustment of 1/2 Inch. Total weight is 0.23 Pound. Sold individually.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Style	**Bent, Adjustable**
Adjustable Range	**10.5 to 8.5 Inch Adjustable Height**
Location	**Nose**
