

12" GripLockTies® - Blue

The patented design of GripLockTies® combines the strength of a traditional zip tie with a rubber lining and innovative releasable locking mechanism to deliver a secure, non-slip hold that resists vibration and loosening, even in demanding environments. Fully reusable and easy to adjust, GripLockTies protect delicate surfaces from damage while providing superior holding power. It's a smarter, more dependable fastening solution built for performance, durability, and versatility.
