PART NUMBER

Wing Strap

MPD12500

Nose · Adjustable · 9 to 14 in Adjustable Height · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Adjustable front wing strut in black anodized aluminum, adjusting from 9 to 14 Inch in height. Wing height changes downforce and how the car rotates, so an adjustable strut lets that be tuned at the track instead of being fixed at build. Sold individually.

Adjustable front wing strut machined from aluminum with a black anodized finish. Adjusts from 9 to 14 Inch in height to suit a range of wing setups on Sprint Cars. Sold individually.
