PART NUMBER

Steering Arm

MPD14137

Passenger Side · Non-Adjustable · 1/2 in Tie Rod Centerline · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Right front combo steering arm for pavement, non-adjustable with a 1/2 Inch tie rod centerline. This arm is shaped to clear the coil spring, which is the constraint that rules out many standard arms on a pavement sprint front end. Machined from 2024 aluminum, drilled and tapped 1/2 Inch NF.

Black anodized, sold individually.

The MPD Racing sprint steering arms are machined from 2024 aluminum, drilled and tapped 1/2 Inch NF for mounting. This right front combo, non-adjustable arm is finished in black anodize and suits pavement Sprint Car applications. Sold individually.
