

BRAKES &gt; BRAKE SYSTEMS AND COMPONENTS &gt; DISC BRAKE CALIPER BRACKETS

PART NUMBER

# Brake Caliper Bracket

**MPD14152**

Front · Aluminum · Black Anodized · 5-1/4 in Lug Mount Calipers · Sprint Car Spindles

## OVERVIEW

Bolt-on front caliper bracket for MPD sprint car spindles, taking lug mount calipers on 5-1/4 Inch centers. Because it bolts to the spindle rather than clamping or welding, a bent bracket after contact is a quick change rather than a spindle replacement. Machined from aluminum with a black anodized finish.

Front brake caliper bracket machined from aluminum with a black anodized finish. Bolt-on design fits MPD Sprint Car spindles and accepts lug mount calipers on 5-1/4 Inch spacing for pavement applications. Sold individually.

## SPECIFICATIONS

|                                |                                  |
