PART NUMBER

Spindle Nut

MPD16010

Right Hand Thread · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Aluminum wheel nut for the sprint car one nut hub, machined with a right hand thread and finished in black anodize. On a one nut hub this single nut retains the entire wheel, so it is torqued and removed at every pit stop and wheel change, making a clean thread and a true seating face essential. Aluminum keeps rotating weight to a minimum at the outer edge of the assembly.

SPECIFICATIONS

Material	Aluminum
Color	Black
Finish	Anodized
Thread Direction	Right Hand
Sold As	Each

SHIPPING & PACKAGING

Package	8.35 × 6 × 1.55 in
Ship Weight	0.44 lb
