WHEELS AND TIRES › TIRE AND WHEEL ACCESSORIES › WHEEL SPACERS

Wheel Spacer

PART NUMBER
MPD16420

6 × 5 in Bolt Pattern · 0.125 in Thick · Aluminum · Natural

OVERVIEW

Wheel spacers let you fine-tune track width and wheel offset without swapping wheels, a common adjustment when dialing in a sprint car for a specific track. This 1/8 Inch spacer is the thinnest in the MPD range, useful for small corrections to bearing preload clearance or when you need just enough offset to clear a caliper. Machined from aluminum to keep unsprung and rotating weight down, with a 6 × 5 Inch bolt pattern that fits 6 pin sprint car front hubs.

SPECIFICATIONS

Material	**Aluminum**
Color	**Natural**
Finish	**Natural**
Wheel Bolt Pattern	**6 × 5 Inch**
Inside Diameter	**3.556"**
Outside Diameter	**5.945"**
