MPD17212

Torsion Bar Stop

1-3/4 in Split · Hardware Included · Titanium · Natural · Sprint Car

OVERVIEW

Titanium torsion stop with 1-3/4 Inch split, using a titanium bolt with an aluminum jam nut. Titanium gives close to steel strength at a fraction of the weight, which appeals where every ounce is being chased. Natural finish, sold individually.

Torsion stops are available in 1-3/4 Inch split. Titanium stops feature a titanium bolt with aluminum jam nut. Supplied with a natural finish.
