PART NUMBER

Steering Arm

MPD17608

Passenger Side · 5-1/2 in Center to Center · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Passenger side sprint car steering arm with a 5-1/2 Inch center to center dimension, CNC machined from 2024 aluminum. The shorter right side dimension against the longer left is what builds Ackermann into the steering, so the two sides are deliberately different and should not be swapped. Black anodized, sold individually.

Sprint Car steering arms are CNC-machined from 2024 aluminum with a black anodized finish. This passenger side arm has a 5-1/2 Inch center to center dimension. Sold individually.
