Nerf Bar

PART NUMBER
MPD25105

Driver Side · 4 Point · 7/8 in Tube · Steel · Black Powder Coat · Midget

OVERVIEW

Left side four point nerf bar for midgets in 4130 chromoly with a black finish. Nerf bars keep wheels from interlocking with another car, which is what turns contact into a flip. Four mounting points spread impact load into the chassis.

Driver side, sold individually.

MPD nerfs and bumpers fit the most popular chassis and are made from strong 4130 chromoly steel with a durable black Powdercoat finish. This is the Midget left nerf bar, 4-point design using 7/8 Inch tube. Sold individually.
