Bumper

PART NUMBER
MPD25110

Post · Braces · Rear · 0.875 in Tube · Steel · Black Powder Coat · Midget

OVERVIEW

Midget rear bumper in 4130 chromoly, black finish. The rear bumper takes hits from behind and protects the torque tube and rear suspension, so replacing a bent one before it fails is cheaper than what sits behind it. Fits popular midget chassis.

MPD nerfs and bumpers fit the most popular chassis and are made from strong 4130 chromoly steel with a durable black Powdercoat finish. This is the Midget rear bumper with post and braces, using 0.875 Inch tube. Sold individually.
