Pitman Arm

PART NUMBER
MPD28360

11.25 to 14.25 in Long · Straight · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Long straight pitman arm covering 11.25 to 14.25 Inch, for cars needing more arm length than the standard range provides. The extra length slows the steering and adds leverage, which some drivers prefer on faster tracks where a quick rack makes the car feel nervous. Black anodized aluminum, sold individually.

MPD offers a variety of different styles of Pitman arms to make sure you get the correct feel of the race car. This is the long straight Pitman arm in black anodized aluminum with 11.25 Inch, 12.25 Inch, 13.25 Inch and 14.25 Inch holes. Sold individually.
