PART NUMBER

Spindle

MPD28400

Aluminum Body · 10 Degree Steel Snout · Steel Locknut Included · 4 Ear · Aluminum / Steel · Black Anodized / Natural · Midget

OVERVIEW

Four ear midget spindle in billet 2024-T3 aluminum with a 10 Degree steel snout. The four ear pattern gives more mounting options for steering arms and brake brackets, so it is the choice when the front end needs flexibility in how components attach. Complete with steel spindle locknut.

Black finish, sold individually.

MPD Midget spindles are produced from billet 2024-T3 aluminum and are offered with both steel and titanium shafts. They come complete with spindle lock nuts. This is the 4 ear version with a 10 Degree steel snout, black anodized body and natural steel shaft.
