PART NUMBER

King Pin Cap

MPD28458

5/8-18 in Thread · Aluminum · Black Anodized

OVERVIEW

Long king pin cap with 5/8-18 Inch right hand thread, machined from aluminum and black anodized. The long cap is used with pavement spindles, where the extra length is needed to reach the king pin correctly. Using the wrong cap length leaves the pin either short of clamping or bottomed out.

King pin cap machined from aluminum with a black anodized finish and 5/8-18 Inch right hand thread. This is the long cap. Sold individually.
