Torsion Bar Retainer

20 mm x 1.50 Thread · Aluminum · Black Anodized · MPD 1-1/8 in Torsion Bars

OVERVIEW

Torsion bar retaining caps for MPD 1-1/8 Inch threaded torsion bars, with a 20 mm by 1.50 thread. The cap threads onto the bar end and retains it, so thread pitch must match the bar exactly. Black anodized aluminum, sold as a pair.

Torsion bar retaining caps for MPD Racing 1-1/8 Inch threaded torsion bars. Made of black anodized aluminum with a 20 mm x 1.50 thread. Sold in pairs.
