MPD42390

Suspension Tube

1.125 in OD · 39 in Long · 5/8-18 in Female Thread · Aluminum · Black Anodized

OVERVIEW

Radius rod at 39 Inch with a larger 1.125 Inch outside diameter rather than the standard 1 Inch. The bigger tube adds stiffness for positions carrying higher load, where a standard rod might flex under hard cornering. 6061 aluminum with 5/8-18 Inch female threads, black anodized.

Aluminum rods are made from 6061 aluminum with a 5/8-18 Inch thread and black anodized finish. This rod measures 39 Inch long with a 1.125 Inch OD and female thread. Sold individually.
