PART NUMBER

Bead Breaker

MPD53000

Steel · Black Powder Coat · 10 in Wheels

OVERVIEW

Portable bead breaker sized for 10 Inch mini sprint wheels, working on both aluminum and steel. Breaking a bead by hand or with improvised tools is how wheels get damaged, and a purpose-built breaker does the job without marking the rim. Small enough to travel in the trailer.

This is the best bead breaker made. This portable tool easily breaks down tires on aluminum and steel wheels. Sized for 10 Inch wheels for Mini Sprint applications.

Machined from steel with a black Powdercoat finish. Sold individually.

SPECIFICATIONS

Material	Steel
Color	Black
Finish	Powdercoat
Sold As	Each
