PART NUMBER

Fuel Filter

MPD72412

In-Line · 100 Micron · Stainless Element · 12 AN Male Inlet · 12 AN Male Outlet · Shut Off Valve · Aluminum · Black Anodized

OVERVIEW

The 100 micron filter with an integrated shut-off, combining two components into one and removing a joint from the fuel system. Being able to shut fuel off at the filter simplifies servicing and gets the valve where the driver or crew can reach it. Stainless steel element with 12 An male inlet.

MPD in-line fuel filters feature a stainless steel element. This filter has a 100-micron element with a 12 An male inlet, 12 An male outlet and an integrated shut-off valve in black anodized aluminum. Sold individually.
