PART NUMBER

Fuel Cell Mount

MPD72500

Clamp-On · Aluminum · Black Anodized · Upper · Tail Tank · Sprint Car

OVERVIEW

Wide fuel tank mounts for the upper tail tank position on a sprint car, sold as a pair. Clamp-on design means no welding is required, so a tank can be mounted or repositioned without pulling the car apart or cutting into the frame. The wider footprint spreads load across the tank surface, which matters on a full fuel cell taking hits over a rough dirt surface.

Machined from aluminum with a black anodized finish, heavy duty construction.

SPECIFICATIONS

Material	Aluminum
Color	Black
Finish	Anodized
Mounting Style	Clamp-On
Bracket 1 Height	5.75"
Clamp On Tube Diameter	1.375"
Adjustable	Yes
Slot Quantity	1
Slot Length	1.43"
Sold As	Pair

SHIPPING & PACKAGING

Package	6.8 × 6.15 × 1.2 in
Ship Weight	1.14 lb
Country of Origin	USA
Vehicle Type	Car
