Fuel Filter Clamp

Clamp-On · 1.5 in Bar Mount · Aluminum · Black Anodized · 2 in Round Fuel Filter

OVERVIEW

Fuel filter clamp that mounts a 2 Inch round fuel filter to 1.5 Inch round bar or tubing. The two-piece clamp bolts together around the tube, so the filter can be positioned anywhere along a frame rail or brace without welding. Getting the filter mounted solidly matters because an unsupported filter hanging on its fittings will eventually crack a line.

Machined from aluminum with a black anodized finish, 4.5 Inch long. Sold individually.

SPECIFICATIONS

Material	Aluminum
Color	Black
Finish	Anodized
Length	4.5"
Mounting Style	Clamp-On
Inside Diameter	2"
Thickness	0.75"
Clamp On Tube Diameter	1.5"
