Birdcage Bearing

2.738 in ID · 4.330 in OD · 1.575 in Wide · Double Row · Angular Contact · Steel · Natural · Pavement MPD Birdcage

OVERVIEW

Replacement pavement birdcage bearing for MPD sprint car birdcages, a double row angular contact steel bearing. Pavement racing loads bearings continuously rather than in the bursts a dirt car sees, so a worn bearing here shows up as vague handling before it becomes a failure. 2.738 Inch inside diameter, 4.330 Inch outside diameter, 1.575 Inch wide.

Replacement pavement birdcage bearing for MPD Sprint Car birdcages. Double row angular contact steel bearing with a natural finish, measuring 2.738 Inch ID, 4.330 Inch OD and 1.575 Inch wide. Sold individually.
