PART NUMBER
MPD82006

Torsion Arm

Front · Passenger Side · 1-1/8 in x 48 Spline · 17.5 in Long · Hardware Included · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Right front torsion arm at 17.5 Inch, shorter than the 19.5 Inch left front because the two front corners are deliberately set up differently on a sprint car. 2024 aluminum with 1-1/8 by 48 spline, radiused to reduce weight without losing strength. Hardware included, black finish.

MPD torsion arms are constructed of high-strength 2024 aluminum. The arms have been precisely radiused to reduce excess weight while maintaining strength and durability. This is the front passenger side arm, 1-1/8 Inch x 48 spline, 17-1/2 Inch long, black anodized with hardware included.
