Torsion Arm

PART NUMBER
MPD82010

Rear · Driver Side · 1-1/8 in x 48 Spline · 16.25 in Long · Hardware Included · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Left rear torsion arm at 16.25 Inch on 1-1/8 by 48 spline. Rear arms are shorter than front arms, which changes the leverage on the bar and is part of how front and rear rates are balanced. 2024 aluminum, hardware included, black finish.

MPD torsion arms are constructed of high-strength 2024 aluminum. The arms have been precisely radiused to reduce excess weight while maintaining strength and durability. This is the rear driver side arm, 1-1/8 Inch x 48 spline, 16-1/4 Inch long, black anodized with hardware included.
