Shifter Installation Kit

Weld-On Bracket · Steel · Natural · MPD Positive Camlock Shifter

OVERVIEW

Weld-on bracket kit for installing the MPD positive camlock shifter. Supplied in steel with a natural finish so it can be welded directly to the chassis without stripping a coating first. Sold as a kit.

Shifter installation kit with weld-on bracket for the MPD positive camlock shifter. Machined from steel with a natural finish. Sold as a kit.
