Shifter Cable Bracket

Frame Mount · 1-3/8 in OD Tubes · Aluminum · Black Anodized · MPD Positive Camlock Shifter

OVERVIEW

Clamp that secures a push lock shifter cable to 1-3/8 Inch outside diameter frame tubes. A shifter cable that is not properly supported will flex under load and rob the shifter of the crisp action the camlock system is designed to give. Machined from aluminum with a black anodized finish.

Clamp for the push-lock shifter cable, frame mount for 1-3/8 Inch OD tubes. Machined from aluminum with a black anodized finish for the MPD positive camlock shifter. Sold individually.
