PART NUMBER

Rear Axle Nut

MPD85001

Left Hand Thread · Aluminum · Black Anodized · Sprint Car Axles

OVERVIEW

Rear axle nut with left hand thread, black anodized aluminum with 2-1/2 Inch threads and a 3 Inch wrench size. Left and right sides use opposite thread directions so that wheel rotation tends to tighten the nut rather than back it off, which is why the correct hand matters. Sold individually.

Black anodized aluminum rear axle nuts for Sprint Cars. 2-1/2 Inch threads with a 3 Inch wrench size. This is the left hand thread version.
