Axle Spacer

0.5 in Thick · Cone · Female / Male · Aluminum · Black Anodized · Sprint Car

OVERVIEW

Male and female cone pair for the MPD axle spacer system, supplying both halves of the split cone in one purchase. The male cone locates in the wheel center and the female seats against the wheel nut, so they work together and are best replaced as a pair. Both 1/2 Inch thick, black anodized aluminum, sprint car fitment.

Male and female cone kit for the MPD axle spacer system. Includes the male cone for the wheel center and the female cone for the wheel nut, 1/2 Inch (0.500 Inch) thick, in black anodized aluminum for Sprint Car applications. Sold as a kit.
