Birdcage Spacer

2.912 in ID · 3.000 in OD · 0.088 in thick · Aluminum · Natural · Double Bearing · Ti22 Sprint Car Birdcage

PART NUMBER
TIP2129
View on PriceGuidePro ›

OVERVIEW

Birdcage spacers set the cage position on the axle and protect the axle surface where the rotor or hub slides over. Correct spacing keeps the cage aligned with the torsion arm and radius rods. Splined versions protect the axle splines from wear during assembly.

These are inexpensive parts that prevent expensive axle damage.

Inner birdcage spacer for the Double Wide Birdcage. Aluminum, natural finish, 0.088 Inch thick with a 2.912 Inch I.D. and 3.000 Inch O.D. Sold each.
