Torsion Stop Weight Adjuster Bolt

7/16-20 in Thread · 1.750 in Long · Hex Head · Hex Nut · Titanium · Natural · Torsion Stops · Sprint Car

PART NUMBER

TIP2389

[View on PriceGuidePro >](#)

OVERVIEW

The adjuster bolt sets torsion bar preload, making it the fastener you turn to change how a corner carries weight. A bolt that mushrooms or seizes makes that adjustment unreliable. Relieved bolt ends resist mushrooming under repeated adjustment.

Grade 8 steel and titanium versions trade cost against weight.

Titanium Adjuster Bolt 7/16 Inch-20 thread 1.750 Inch long
