Jacobs Ladder Cover

Carbon Fiber

PART NUMBER
TIP2425
View on PriceGuidePro ›

OVERVIEW

The ladder cover shields the Jacob's Ladder assembly from mud and debris packing into the linkage. A packed ladder stops moving freely, which changes how the rear of the car works. Carbon fiber construction adds minimal weight to a part carried high at the rear.

Covers take direct debris hits, making them a replaceable item.

Carbon Fiber Jacob's Ladder Cover.

SPECIFICATIONS

Material	**Carbon Fiber**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**14.1 × 8.3 × 0.8 in**
Ship Weight	**0.24 lb**
