Wheel Fastener Insert

1/4-20 in Thread · Steel · Sprint Car

PART NUMBER
TIP2898
View on PriceGuidePro ›

OVERVIEW

Wheel fastener inserts give a threaded anchor in the wheel for mud covers and accessories without damaging the wheel. Self-clinching designs stay put under load rather than spinning in the hole. Correct thread size matches the fasteners being used.

Inserts are replaced as covers are swapped over a season.

Wheel Fastener Insert, 1/4-20 Inch Thread, Steel, Sprint Car, Kit.

SPECIFICATIONS

Material	**Steel**
Thread	**1/4-20**
Vehicle Type	**Sprint Car**
