Half Box Steering Mount

3/8 in Thick · Aluminum · Black Anodized · Sprint Car

PART NUMBER
TIP3070
View on PriceGuidePro ›

OVERVIEW

A half box steering mount holds the steering gear while letting you remove the box without disassembling the mount. Hex-cut slots mean no fighting with snap rings and end caps to get the box out. Billet aluminum construction resists the flex that becomes steering slop.

Pocketed designs remove mass without giving up stiffness.

Designed for quick installation and removal of the steering gear box. Three hex-cut slots eliminate the need to remove snap ring and end cap, and allow the steering box to slide easily into place. Mounts are CNC-machined from 3/8 Inch thick billet aluminum.

Pocketed for strength and weight savings; weighs only 0.54 Pound.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Thickness	**3/8 Inch**
Vehicle Type	**Sprint Car**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**13.3 × 4.05 × 0.65 in**
