Wheel Hub Dust Cap

Screw-In · TI22 Logo · Aluminum · Black Anodized

PART NUMBER
TIP3570
View on PriceGuidePro ›

OVERVIEW

The dust cap seals the hub bearing cavity, keeping grease in and dirt and water out. Without it, contamination reaches the bearings within a race. Screw-in designs seal positively instead of relying on a press fit.

Caps get knocked off in contact, so spares are worth carrying.

Black anodized front wheel hub features a lightweight direct-mount design and includes standard bearings.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Fits Application	**TI22 Logo**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**4.35 × 4.05 × 1.5 in**
