OVERVIEW

Wing posts carry all the downforce the wing generates and feed it into the chassis, working under constant load while taking whatever debris gets past the rock screen. A bent post changes wing angle mid-race and quietly costs you bite. Correct length and offset put the wing where the setup intends, and a rigid post keeps it there.

Posts are a known damage item in contact, so most teams keep replacements ready.

600 Nose Wing Post, aluminum, 10 Inch tall.

SPECIFICATIONS

Material	Aluminum
Finish	Natural
Style	Straight
Product Length	10 Inch
Location	Nose
Vehicle Type	Mini Sprint
Sold As	Each
