Battery Box

6.5 in Length x 4 in Wide x 4 in Height · Aluminum · Natural · Micro / Mini

PART NUMBER
TIP3800
View on PriceGuidePro ›

OVERVIEW

The battery box secures the battery against the vibration and impact of dirt track racing, where a loose battery becomes a hazard and an electrical failure. Mounting location also matters because battery weight is meaningful ballast in a car this light. Aluminum construction keeps the box itself light while holding the battery firmly.

Quick fasteners let you pull the battery for charging without tools.

Lightweight aluminum battery box installs easily into the floor pan with included quick fasteners. Easy-to-assemble box accepts most popular batteries. 4 Inch width x 4 Inch height x 6-1/2 Inch length.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Natural**
Product Length	**6.5 Inch**
Product Width	**6.5 Inch, 4 Inch**
Product Height	**4 Inch**
Vehicle Type	**Micro / Mini**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**11.7 × 7.1 × 6.9 in**
Ship Weight	**1.27 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
