Clutch Lever

Clamp-On · 7/8 in OD Tube Chassis Mount · Aluminum · Black Powder Coat · Micro / Mini

PART NUMBER
TIP3810
View on PriceGuidePro ›

OVERVIEW

The clutch lever gives the driver mechanical advantage over the clutch and holds the cable adjuster that sets engagement point. A lever that flexes or slips changes that point mid-race. Clamping designs mount to the shifter tube without drilling.

Correct tube diameter is what makes the clamp hold.

Clutch Lever, Cable Holder / Adjuster, Clamps to Shifter, 7/8 Inch O.D. Tube, Black.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Powdercoat**
Style	**Clamp-On**
