## Pedal Assembly

Gas · Chassis / Floor Mount · Aluminum · Natural · Sprint Car

PART NUMBER

**TIP4103**

[View on PriceGuidePro >](#)

### OVERVIEW

The pedal assembly is the driver's interface with brakes and throttle, so its geometry determines how much travel and force each input takes. Poor pedal feel costs precision in braking and throttle application. Correct lever ratio and pedal width suit the driver and the master cylinder being used.

Assemblies take constant load, so build quality shows over a season.

Pedal Assembly, Gas, Chassis / Floor Mount, Aluminum, Natural, Sprint Car. Sold each.

### SPECIFICATIONS

|              |                       |
|--------------|-----------------------|
| Material     | Aluminum              |
| Finish       | Natural               |
| Mount Type   | Chassis / Floor Mount |
| Vehicle Type | Sprint Car            |
| Sold As      | Each                  |

### SHIPPING & PACKAGING

|                   |                     |
|-------------------|---------------------|
| Package           | 9.95 x 8.4 x 4.9 in |
| Ship Weight       | 0.46 lb             |
| Country of Origin | USA                 |
| Vehicle Type      | Car                 |
