Line Clamp

2-Piece · 1.5 in ID · Aluminum · Black Anodized

PART NUMBER
TIP4534
View on PriceGuidePro ›

OVERVIEW

Line clamps secure brake and fuel lines to the chassis, keeping them clear of suspension travel and heat. Unsupported lines chafe through where they rub, which is a failure with serious consequences. Billet aluminum clamps hold position far better than tape.

Double and triple versions organize multiple lines in one place.

Billet aluminum brake line clamps for ultimate security. No more electrical tape.

SPECIFICATIONS

Material	**Aluminum**
Finish	**Black Anodized**
Inside Diameter	**1.5 Inch**
Sold As	**Each**

SHIPPING & PACKAGING

Package	**4 × 2.4 × 0.6 in**
Ship Weight	**0.05 lb**
