Hose Clamp

1.75-2.500 in Hose · Allen · Aluminum · Black Anodized

PART NUMBER

TIP5172

[View on PriceGuidePro >](#)

OVERVIEW

Hose clamps seal coolant and fuel hoses to their fittings, and a clamp that loosens dumps coolant or fuel in seconds. Worm gear designs apply even pressure around the hose without cutting into it. Correct diameter range is what lets the clamp tighten properly rather than bottoming out.

Clamps corrode and lose tension over time, making them routine replacements.

Molded silicone hose is built specifically for sprint car lower radiator hose applications. Molded 90 Degree elbow and 45 Degree elbow separated by 5 Inch fits most combinations of Sprint Car radiator and pump.

SPECIFICATIONS

Material	Aluminum
Finish	Black Anodized
Head Style	Allen
Hose Size	1.75-2.500 Inch Hose
Sold As	Each

SHIPPING & PACKAGING

Package	6.8 × 4 × 0.95 in
Ship Weight	0.06 lb
Country of Origin	USA
Vehicle Type	Car
