Sprint Car Air Box Base

19.25 x 14 in Rectangle · Carbon Fiber · Natural · K&N / Walker Air Box

PART NUMBER

TIP5220

[View on PriceGuidePro >](#)

OVERVIEW

The air box base seals the bottom of the air box to the injection, keeping the filter element sealed against unfiltered air. A leaking base lets dirt straight into the engine. Carbon fiber construction keeps weight down on a part mounted high on the car.

Sized to fit the common filter and air box combinations.

Sprint car air box base, carbon fiber. 19.25 x 14 Inch rectangle, natural finish. Solid base for K&N and Walker filters.

Sold each.
