Fuel Block Mounting Bracket

Master Cylinder Mount · Aluminum · Black Anodized

PART NUMBER

TIP5504

[View on PriceGuidePro >](#)

OVERVIEW

The mounting bracket holds the fuel block securely so plumbing does not carry the weight of the block itself. Line-supported components vibrate and eventually crack a fitting. Aluminum brackets locate the block where the plumbing run wants it.

Correct hole spacing matches the block being mounted.

Black anodized aluminum fuel block has three 6 AN female ports and one 8 AN female port. Includes male adapter fittings. Each.

SPECIFICATIONS

Material	Aluminum
Finish	Black Anodized
Mount Type	Master Cylinder Mount
Sold As	Each

SHIPPING & PACKAGING

Package	8.15 × 4.05 × 0.55 in
Ship Weight	0.25 lb
