Fuel Filter Clamp

Aluminum · Black Anodized · Ti22 Fuel Filter

PART NUMBER

TIP5540

[View on PriceGuidePro >](#)

OVERVIEW

Fuel filter clamps mount a filter to chassis tubing or an injector bridge, putting it where the plumbing run needs it. An unsecured filter hanging on its lines is a failure waiting to happen. Billet construction with countersunk hardware clamps tight and stays put.

Sized versions match common tube diameters and filter bodies.

Engine Mount Fuel Filter Clamp. Designed to mount #6 pressure filter to the fuel injector bridge. Two-piece black anodized aluminum billet construction.

SPECIFICATIONS

Material	Aluminum
Finish	Black Anodized
Fits Application	Ti22 Fuel Filter
Sold As	Each

SHIPPING & PACKAGING

Package	4.6 × 4.05 × 0.95 in
Ship Weight	0.14 lb
Country of Origin	USA
Vehicle Type	Car
