Wing Post

Top · 12 in Long · Chromoly · Black Powder Coat · Sprint Car

PART NUMBER
TIP6018
View on PriceGuidePro ›

OVERVIEW

Wing posts carry all the downforce the wing generates and feed it into the chassis, working under constant load while taking whatever debris gets past the rock screen. A bent post changes wing angle mid-race and quietly costs you bite. Correct length and offset put the wing where the setup intends, and a rigid post keeps it there.

Posts are a known damage item in contact, so most teams keep replacements ready.

Straight Nose Wing Posts are available in aluminum or 4130 chromoly steel, in natural or black finish. Clamp into nose wing post clamps that secure to the torsion tube pinch clamps to connect the center of the nose wing. 12 Inch long, 1 Inch O.D. tubing.

Sold individually.

SPECIFICATIONS

Material	**Chromoly**
Finish	**Black Powdercoat**
Product Length	**12 Inch**
Location	**Top**
Vehicle Type	**Sprint Car**
Sold As	**Each**
