Wing Cylinder Clamp

Adjustable · 1.5 in ID · Aluminum · Black Anodized · Sprint Car

PART NUMBER

TIP6038

[View on PriceGuidePro >](#)

OVERVIEW

Wing cylinder clamps secure the wing adjuster cylinder to chassis tubing, holding it against the aero loads the wing generates. A slipping clamp lets the cylinder move and the wing angle drift. Correct tube diameter is what makes the clamp grip.

Anodized aluminum resists the corrosion of constant exposure.

Black anodized aluminum clamp has a 1-1/2 Inch I.D. to secure a wing cylinder to round tubing.

SPECIFICATIONS

Material	Aluminum
Finish	Black Anodized
Style	Adjustable
Inside Diameter	1.5 Inch
Vehicle Type	Sprint Car
Sold As	Each

SHIPPING & PACKAGING

Package	6 × 3.2 × 1.7 in
Ship Weight	0.18 lb
Country of Origin	USA
Vehicle Type	Car
