Wing Post

Front · Straight · 12 in Long · 1 in OD · Chromoly · Chrome · Sprint Car

PART NUMBER

TIP6124

[View on PriceGuidePro >](#)

OVERVIEW

Wing posts carry all the downforce the wing generates and feed it into the chassis, working under constant load while taking whatever debris gets past the rock screen. A bent post changes wing angle mid-race and quietly costs you bite. Correct length and offset put the wing where the setup intends, and a rigid post keeps it there.

Posts are a known damage item in contact, so most teams keep replacements ready.

Straight Nose Wing Posts are available in aluminum or 4130 chromoly steel, in natural or black finish. Clamp into nose wing post clamps that secure to the torsion tube pinch clamps to connect the center of the nose wing. 12 Inch long, 1 Inch O.D. tubing.

Sold individually.

SPECIFICATIONS

Material	Chromoly
Finish	Chrome
Style	Straight
Product Length	12 Inch
Outside Diameter	1 Inch
Location	Front
Vehicle Type	Sprint Car
Sold As	Each

SHIPPING & PACKAGING

Package	12.9 x 4.05 x 1.15 in
