Fuel Cell Mount

Weld-On · 0.922 x 0.331 in Slot · 2.277 in Long · World of Outlaw Approved · Steel · Natural · Sprint Car

PART NUMBER

TIP8008

[View on PriceGuidePro >](#)

OVERVIEW

Fuel cell mounts anchor the cell to the chassis so a full load of fuel stays put through impacts and cornering loads. This is a safety part as much as a mounting part. Clamp-on and weld-on versions suit different chassis and rule packages.

Approved designs meet what tech inspection looks for.

Six point tank mount weld-on brackets, World Of Outlaw approved. 0.922 x 0.331 Inch slot, 2.277 Inch long. Steel, natural finish.

Sold in pairs.
