Body Reinforcing Plate

2 in Wide · 1 in Tall · 1/8 in Rivet Attachment · Steel · Black Powder Coat · Quick Turn Fasteners

PART NUMBER
TIP8142
View on PriceGuidePro ›

OVERVIEW

Body reinforcing plates spread the load of quick turn fasteners across aluminum panels so the fastener does not tear through. Without them, every panel change enlarges the hole until the panel is scrap. Plates rivet in place and extend panel life considerably.

They are inexpensive consumables that protect much more expensive bodywork.

Help protect body panels when using quick-turn fasteners. Body reinforcing plates are 2 Inch L x 1 Inch W, and attach using 1/8 Inch rivets.

SPECIFICATIONS

Material	**Steel**
Finish	**Black Powdercoat**
Style	**Quick Turn Fasteners**
Product Width	**2 Inch**
Product Height	**1 Inch**
Sold As	**Set of 10**

SHIPPING & PACKAGING

Package	**4.1 × 2.65 × 0.85 in**
Ship Weight	**0.10 lb**
Country of Origin	**USA**
Vehicle Type	**Car**
